Dear Mr. Seljeseth

We have recently sent you replacement jacks which I hope you have safely received.

I regret to inform you that the plans I was making in my last letter to you concerning a Serge Midi Interface have changed: I no longer plan to make such an interface. Rather, we will be making a true computer interface which shall work with nearly any computer. This is of course quite different from a MIDI, alas.

If I learn of a MIDI such as the one you describe in your letter, I will let you know about it.

Cordially yours,
